

Ireland-Limerick Professional intership

Filip Gurčík III.A

"Be ready for digital skills" Erasmus+

Limerick city

Limerick itself is an interesting city with many foreigners. There are many different shops including whatever comes to your mind. We found out that people there are very friendly especially bus drivers. I have to admit that mentality of people is totally different. They have enough time for everything, and they are not in a hurry when they are late.

Trips- 1. Cliffs of Moher

Amazing feeling being there, wonderful nature and luckily we had great weather so we enjoyed it so much.

2. Lahinch

Lahinch or Lehinch is a small town in Liscannor Bay, on the north-west coast of County Claire in Ireland.

3. Bunratty

Bunratty is small village in County Claire, Ireland. This village is famous for Bunratty Castle and Folk Park.

4. King John's Castle

King John's Castle known as Limerick Castle was built in the 13. century which is situated on King's Island next to river Shannon.

Host family

Students were divided into groups and each group was at some host family. Our landlady was so lovely and perfectly took care about us. She was preparing desserts for us. Everyday we were having conversation on different topics. I suppose that everyone enjoyed it. She also appreciated us because we were respectful and polite so in the end she did not have any problems with us.

Meals

Well, food was not so good. We had the same breakfast everyday 20 days in a row. Lunch was just toast with ham or tuna + snack. Dinner was the only proper food per day. We could not cook. We could just make a tea , coffee or baked toast. So we were mostly eating out. Here are same examples of meals :

Work

I was working at the Virginia Bridal shop with Simon. We were taking out the garbage from her shop, counting dresses and we had to arrange them by name, style, size. Also we were sorting some receipts by the dates. At the end of the professional intership we had to rewrite all dresses to Excel.

Irish expressions

During our stay in town Limerick we have learnt many new useful words that extremely increase our language skills, but when it comes to some special expressions, I have to mention word "craic" it means – fun. Irish people are really nice and friendly. They use to say after some greeting like hi or hello question – How are you ? But they are not expecting respond most of the time. However, they have no problem with communication anywhere with anybody. When they want to express plural form of word you they use "ye".

Irish traditional...

Irish crisps

Red lemonade

Irish stew

Thanks for paying attention !
